SHARE HOPE

We are a free support group for parents who have suffered the loss of a baby through miscarriage, stillbirth, newborn or SIDS death. The grief parents feel at the loss of their child is unlike any other.

This group has been organized in response to the need voiced by t parents to provide meaningful and caring methods of dealing with this crisis and long-term follow up.

Come join us in our safe and supportive environment.

We want to help you endure these empty days and months because we know how hard they are. We can share our feelings about this experience for we have also lived it.
